---

Hello Linda,

Our copy is missing. I discussed this with Tim last year. He agreed to send us a copy at that time. Last night when I spoke Tim on the phone, he informed me he had sent us a copy per our request, but was not sure what address it was sent to. We have not received it.

Please make a copy of the agreement available to us immediately. I can pick it up if necessary. Please let me know.

Sincerely,

Charles Varvayanis

You have the original copy of the agreement. First page was the term and condition, second pages was your acceptance.

At this time odd fellows will not be up dated.

**Subject:** Franchise Agreement

Hello Tim,

Bellow is an overview of our conversation:

Last year during a discussion of your plant construction plans, you and I spoke of the Franchise Agreement between Odd Fellows Sierra Recreation Association and Sierra Nevada Communications, formerly Meyerhoff Cable Systems. At that time I requested a copy of said document for review by the BOD whereas it may relate to your plans.

Whereas we have not received the promised Agreement the fact that we noticed construction equipment associated with you located on our property today, I followed up with you regarding the Agreement. Whereas you informed me that the Agreement was sent either to the BOD or me and because neither our Treasurer nor I have received it, please resend it to me either at address below or hand deliver it to me immediately.

Thank You,

Charles Varvayanis
