Re: Odd Fellows Sierra Recreation Subdivision.

Dear Herb:

Regarding the road through the subdivision I have just received a letter from District Attorney Ted Vilas of Sonora in which he states:

"I am informed that the County still maintains the road in question and that it has not abandoned its right of way, but have no definite information in reference to this matter. I am presently engaged in a rundown on this question and will advise you of its status as soon as I have a satisfactory answer."

I will let you know as soon as I have further information from Vilas.

Best wishes for the New Year, I am,

Yours very truly,

George H. Ackley
