### ODD FELLOWS SIERRA RECREATION ASSOCIATION, INC. NOTES TO FINANCIAL STATEMENTS

MAY 31, 1999

#### NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

#### A. NATURE OF ACTIVITIES

The Odd Fellows Sierra Recreation Association, Inc. (Association) was established in May 1949. The Association is incorporated under the state laws of California and amended its articles of incorporation on October 10, 1986.

The Association consists of approximately 400 acres of timberlands located in Long Barn, California. Within the boundaries of the Association exists a gated 365 lot subdivision and various park amenities. The purpose of the Association is to operate and maintain the common property of the Association, specifically the water system, garbage, and roads. The Association has established a timber plan to periodically log its timber. Proceeds from the timber harvest are used for capital acquisitions.

### B. MEMBER ASSESSMENTS

Association members, the subdivision lot owners, are subject to annual assessments to provide funds for the Association's operating expenses. The assessments are based upon budgeted operating expenses. The Association's policy is to retain legal counsel and use the small claims court to collect delinquent assessments.

### C. BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the cash basis of accounting. Consequently, certain revenues are recognized when received rather than when earned, and certain expenses and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred.

#### D. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### NOTE 3 - FUTURE MAJOR REPAIRS AND REPLACEMENTS

The Association has not conducted a study to determine the remaining useful lives of the roads and water systems and current estimated costs of major repairs and replacements that may be required in the future. When replacement funds are needed to meet future needs for major repairs and replacements, the Association has the right to utilize available cash, increase the timber harvest, pass special assessments, or delay repairs and replacements until funds are available. The effect on future assessments has not been determined at this time.
