Dear Loren:

I have talked with Herb Kearns, and believe, now that the result of the law suit brought by King against the Oddfellows is known, at least so far as the Oddfellows part in such suit is concerned, that it would be well to render your organization a statement of account to date.

Enclosed is such statement.

I am, of course, pleased that the Court decided in favor of the Oddfellows in the law suit, and I am sure your members will be glad to know this.

Assuring you and your organization of our continued cooperation, I remain,

Yours very truly,

George H. Ackley
