Subject: Correction to OFSRA November 2016 "A Message from President Wallis"

OFSRA recently distributed a message regarding one of the cases in litigation at the CPUC, the March 14, 2012 Application 13-09-023 and Case 12-03-017. Unfortunately, the message may have been confusing.

The Complainant's (Fred Coleman, Steven Wallace, Larry L. Vaughn and Ruth Dargitz) June 29, 2016 Petition to Modify requested a correction to a clerical error in the January 28, 2016 Decision 16-01-047 where OFSRA was ordered to refund \$1,200 to SPWC instead of \$12,000. Because the Complainant thankfully omitted the evidence pages in its June 29, 2016 Petition to Modify, the record did not support the facts and the June 29, 2016 Petition to Modify was denied, saving us about \$11,000!

To be clear the January 28, 2016 Decision 16-01-047 remains with the clerical error intact and only the June 29, 2016 Petition to Modify was denied.

Sorry about any confusion this may have caused.
