SIERRA PARK NEWS FOR JANUARY 1994

SIERRA PARK LODGE #376 Odd Fellows meetings are held the 2nd & 4th Sat. of each month at 7 PM in the Rec. Hall, except that the meeting will be held at 6:00 PM whenever there is a pot luck scheduled in the Rec. Hall. New officers have been elected and will be installed with the Sonora Lodge on January 22, 1994 at 2:00 PM. We would like to have as many members out as possible.

WEATHER- Temperature has moderated somewhat. We now have temperatures between 30 and 45 F. during the days. If you are planning a trip to the park take note of weather reports and plan accordingly.

RECREATION-Nothing much planned until March corned beef and cabbage feed for St. Patrick's Day. Watch for further announcements.

LOOSE DOGS -There have been several complaints concerning loose dogs around the park - mostly the same dogs. These complaints state that the dogs run loose all day and bark or growl at persons whether on their own property or elsewhere. The complaints also state that the dogs attack other dogs on a leash. You are reminded that the County ordinance requires dogs be under control at all times. Measures are to be taken by the Board to correct the situation.

ATV's - This seems to be an increasing problem. All members are urged to cooperate in this matter by not using the roads as a racetrack, but only for transportation to and from back country where they can run without bothering others. Members should also show consideration by maintaining mufflers properly on all motor vehicles. See you next month.....Sierra Sue

ODD FELLOWS SIERRA RECREATION ASSOCIATION  
BOARD OF DIRECTORS MEETING - JANUARY 8, 1994

The Board of Directors meeting was called to order at 9:00 AM by President Wayne Harvey. All members present except Cloak and Hawke, excused.

MINUTES - On motion the minutes of the 12/12/93 meeting were approved as printed, except for one error: Under "Members before the Board" the Boy Scouts plan to have a parking lot on OUR property instead of THEIR property.

CARETAKERS REPORT - There was discussion on danger on the ice on the lake and our responsibility so far as liability is concerned. Signs are to be placed around the lake warning that the ice may be too thin to support persons walking or playing on it.

CORRESPONDENCE - 1. Letter from Cimarron Collection Service - Information concerning progress on Bathke property and Robinson property. 2. Tuolumne County Chamber of Commerce - Small Business Day Workshop February 23. 3. Tuolumne County Water Agency - meeting Jan. 19 at Sonora Oaks. 4. From W.H. Breshears - Changes by I.R.S. on exempt status for fuel. 5. From Sonora Insurance Agency - Liability insurance. 6. From Tuolumne County Assessor - on the assessment of the 5-acre parcel. 7. From Water Resources Board - application for license. 8. From State Compensation Insurance Fund. 9. From Tuolumne Planning Department. 10. Poston Logging - Wanting to process tree harvest. 11. World Savings - notice of maturity date of C.D. 12. Robert Bettencourt - Mix-up in payment of assessment. 13. From Lori East notifying of renter and asking that they be given information about the park.

MEMBERS BEFORE THE BOARD -

Raul Morales - Complaint against dogs running loose and causing a danger to other members of the Park. He related the park rules and County Ordinance against loose dogs. He recommended that if it continues they have water shut off. He also recommended that the fine be \$500, that water reconnection be \$750, and a second offense be fined \$1000. He also recommended contacting the D.A. for a charge of several violations to personal liberty.

COMMITTEE REPORTS

WATER - Smith - Water use: 585,000 gals. There will be another \$1000 next month for lead and copper testing.

ROADS - Morrison - Culvert on the property Mr. Bonette has sold. He agrees to install a culvert if it is deemed necessary. Dale will assess the situation at the next heavy rain to see what is necessary.

BUILDINGS - Smith - There is still a leak in the Rec. Hall roof. Ed Smith is to get estimates for roof repairs or replacement for metal or composition roofing.

TIMBER - Adams - The net return from timber harvest was \$16,667.84. It was agreed by the Board that a charge of 10% of this net should be set aside for road damage caused by the hauling. This to be kept in the Timber Fund bank account, but an accounting of it kept separately.

RECREATION - No report.

HEALTH AND SAFETY - Greene - There has been increasing use of facilities by outsiders, especially the toboggan run. There is an increase in use of ATVs and this is still a problem. We are concerned about our liability in these cases.

EQUIPMENT - Cloak - No report.

FINANCE - Zobel - Bills for Recreation Association: \$ 6,561.24. MSC to pay the bills. Balance for Recreation Association checking \$68,799.05. Road Fund from Timber Fund \$1,666.78.

OLD BUSINESS - Committee report on the possibilities for the 5-acre parcel: The first need is for an engineering report to assess the water flow for fire protection at an estimated cost between \$500 and \$600. After a discussion as to qualifications, it was MSC to have Thomas L. Scesa make an engineering study of the 5-acre parcel in regard to the water supply for fire protection requirements.

NEW BUSINESS - NONE

There being no further business, the meeting was adjourned at 10:22 AM. The next regular meeting will be held Feb. 13, 1994 at 9:00 AM. Respectfully submitted, Bill Kilgore, Secretary
