

# YOUR SIERRA PARK NEWS LETTER MARCH 1980

ANNUAL MEETING - MAY 25th - 4th SUNDAY - DON'T FORGET!

## SNOW POLICY

With Spring just around the corner let's hope this is the last time for this Winter reminder. When the chain required sign is up at the entrance to our Park road it means just that. Please don't drive into the Park without chains unless you have mud-snow tires. Regular street tires will get you into trouble fast. Same thing going back out of the Park. Check the hill condition. The icy shadows make spin-outs very regular. Again, don't park on roads. Keep them clear for the Park snow plow. If an auto is parked in road and owner can't be found immediately, an outside tow truck will be called and the car's owner will pay.

## CLEAN YOUR LOT

Look back to last month's letter and review the Forest Service regulations on cleaning your property before the fire season. Also, see the Caretaker for the meadow area to dump your pine needles and lot slash.

## GARBAGE SERVICE MAY BE IN JEOPARDY

Please use the garbage bins for cans, bottles and wet household garbage only. We are being reminded that we may lose this convenient service if some continue to abuse it by placing other large items, that need to be taken to the county dump. Don't be the one to ruin a good thing for yourself and the other members who are enjoying having this service.
