Sierra Park snow plow is working. We expect snow, rain and fog combinations for the next week. Temps will be in the 20's overnight so ice on the roads is possible. Be prepared for delays, berms, etc. 4-Wheel drive, chains and/or snow tires will be required to get in and out of the Park. Weather updates for the area is available on the Weather Channel using area code 95335. We will also update the answering service as conditions change: [209-533-7909](tel:209-533-7909)
