Stockton, California,
June 15, 1953.

Mr. George H. Ackley,
Bush, Ackley & Milich, Attorneys at Law,
First National Bank Building,
Oakdale, California.

Dear Mr. Ackley:

Mr. Arnold Nelson telephoned me in regard to a dispute over the rights of hauling logs over a County road and a public road which enters property belonging to the Alameda County Girl Scouts.

The Girl Scouts have challenged the right of Mr. Nelson to use these roads. The council for the Girl Scouts have threatened Mr. Nelson with arrest if he uses these disputed roads.

As this is Odd Fellows timber, being logged according to the contract between the Odd Fellows Sierra Recreation Association and Mr. Arnold Nelson, Mr. Nelson requested me to have you represent the Odd Fellows and to work with Mr. William Coffill, his attorney, of Sonora for the mutual interest of Mr. Nelson and the Odd Fellows. Mr. Nelson, according to our conversation, agreed to take care of your costs in this matter.

This letter is to verify my request by telephone on the evening of June 14, 1953 that you represent the Odd Fellows Sierra Recreation Association as requested by Mr. Nelson.

Sincerely,

Herbert M. Kearns, President,
Odd Fellows Sierra Recreation Assn.
