Oakdale, California

Re: Odd Fellows Sierra Recreation Assn.
Subdivision.

Dear George:

This will acknowledge receipt of your letter of May 27, 1952. After I received your telephone call I got in touch with the Road Commissioner's Office and was informed that they had completed the work on the road for the time being and would not be doing additional work on the road for quite some time. I spoke personally with Lloyd Haigh and he informed me that though they were quite positive that the road as improved is in fact the original County road, that they would not insist on its preservation if a satisfactory substitute road could be laid out.

Mr. Haigh informed me that the Board of Supervisors told him to go ahead and improve the road and that they were somewhat perturbed over the blocking of the original course by the recreation association. It appears that they have had numerous complaints from trucking operators that the substitute road was practically impossible to traverse and it was because of the Supervisors' insistence that Mr. Haigh completed the recent improvement.

Mr. Haigh informs me that no attempt was made by the responsible parties in the association to contact him and work out a suitable substitute road but the re-location of the road was undertaken by the association to suit themselves only. He is, nonetheless, willing to sit down with them and work out a satisfactory solution to this problem.

It is my recommendation that you notify the recreation association that if they would take the trouble to seek out our Road Commissioner and go over

Mr. George H. Ackley

the matter with him that I am sure a satisfactory solution can be had.

With best personal regards, I am

Very truly yours,

(signed) T. R. Vilas
