Re: Road Matter

Dear Herb:

Enclosed is copy of letter I have received from Vilas. I am also mailing a copy to Loren Hosmer.

The letter from Vilas ignores the question of whether the County still has a valid right of way through your property. It is important that you maintain the position there is no such right of way, at least until the County presents tangible evidence to the contrary.

In the meantime, however, I suggest you do contact Lloyd Haigh, the Road Commissioner, discuss the matter with him, and see if some practical solution can be reached.

Yours very truly,

GHA:rs

George H. Ackley
